Forward-Looking Statements

Some of the statements contained in this presentation constitute forward-looking statements within the meaning of the federal securities laws. Any forward-looking statements contained in this presentation are intended to be made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated growth in our funds from operations and anticipated market conditions are forward-looking statements. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” or “potential” or the negative of these words and phrases or similar words or phrases which are predictions of or indicate future events or trends and which do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions.

The forward-looking statements contained in this presentation reflect our current views about future events and are subject to numerous known and unknown risks, uncertainties, assumptions and changes in circumstances that may cause our actual results to differ significantly from those expressed in any forward-looking statement. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause our future results to differ materially from any forward-looking statements, see the sections entitled “Risk Factors” in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q.

- (1) Contractual cash payments (including management fees) from one tenant at Arizona Center for the three and six months ended June 30, 2015 and 2014 were \$2,032 and \$4,064, respectively. These payments will decrease to approximately \$515 per year beginning in 2016. Our calculation of Normalized FFO reflects the cash payments received from this tenant. The terms of this tenant's lease require us to classify the lease as a direct financing (or capital) lease. As such, the revenue recognized on a GAAP basis within our condensed consolidated statements of operations was \$119 and \$208 for the three months ended June 30, 2015 and 2014, and \$260 and \$437 for the six months ended June 30, 2015 and 2014, respectively. This direct financing lease has an expiration date in 2045.
- (2) Refer to the Additional Income Statement Information for a discussion of expenses related to the shareholder-approved Related/Corvex consent solicitation liability.
- (3) Refer to the schedule of Common & Potential Common Shares for information regarding the components our weighted average common shares outstanding.

- (1) Represents amounts outstanding on EQC's \$750,000 revolving credit facility as of June 30, 2015. The interest rate presented is as of June 30, 2015, and equals LIBOR plus 1.25%. We also pay a 25 basis point facility fee annually. The spread over LIBOR and the facility fee vary depending upon EQC's credit rating.
- (2) Represents amounts outstanding on EQC's term loans as of June 30, 2015. The interest rate presented is as of June 30, 2015, and equals LIBOR plus 1.4% for the loan maturing on January 28, 2020, and LIBOR plus 1.8% for the loan maturing January 28, 2022. The spreads over LIBOR vary depending upon EQC's credit rating.
- (3) On August 4, 2015, we sold 111 East Wacker Drive (Illinois Center). Its real estate assets and liabilities have been classified as properties held for sale and liabilities related to properties held for sale, respectively, on our Condensed Consolidated Balance Sheets as of June 30, 2015. On August 3, 2015, we defeased the outstanding \$141.4 million balance of the mortgage loan secured by the property, and this mortgage loan is no longer a liability of EQC. Because the secured mortgage note was not assumed by the buyer, the balance remains in mortgage notes payable, net on our Condensed Consolidated Balance Sheets as of June 30, 2015.
- (4) Interest is payable at a rate equal to LIBOR plus 2.625% but has been fixed by a cash flow hedge, which sets the rate at approximately 5.66% until December 1, 2016.
- (5) Total debt outstanding as of June 30, 2015, including net unamortized premiums and discounts, was \$1,973,692.

(1) Excludes properties classified as held for sale.

(2) Defined in the Definitions section of this document.

(3) Weighted based on square feet.

(4) Contractual cash payments (including management fees) from one tenant at Arizona Center for the three and six months ended June 30, 2015 and 2014 were \$2,032 and \$4,064, respectively. These payments will decrease to approximately \$515 per year beginning in 2016. The terms of this tenant's lease require us to classify the lease as a direct financing (or capital) lease. As such, the revenue recognized on a GAAP basis within our condensed consolidated statements of operations was \$119 and \$208 for the three months ended June 30, 2015 and 2014, and \$260 and \$437 for the six months ended June 30, 2015 and 2014, respectively. Annualized rental revenue excludes the cash payments received from this tenant. This direct financing lease has an expiration date in 2045.

(1) Excludes properties disposed prior to July 1, 2015.

(2) Defined in the Definitions section of this document.

(3) Weighted based on square feet.

(4) Contractual cash payments (including management fees) from one tenant at Arizona Center for the three and six months ended June 30, 2015 and 2014 were \$2,032 and \$4,064, respectively. These payments will decrease to approximately \$515 per year beginning in 2016. The terms of this tenant's lease require us to classify the lease as a direct financing (or capital) lease. As such, the revenue recognized on a GAAP basis within our condensed consolidated statements of operations was \$119 and \$208 for the three months ended June 30, 2015 and 2014, and \$260 and \$437 for the six months ended June 30, 2015 and 2014, respectively. Annualized rental revenue excludes the cash payments received from this tenant. This direct financing lease has an expiration date in 2045.

- (1) As of June 30, 2015, we had granted restricted share units ("RSU"s) to certain employees, officers, and the chairman of the Board of Trustees. The RSUs contain both service and market-based vesting components. None of the RSUs have vested. If the market-based vesting component was measured as of June 30, 2015, 803 common shares would be issued to the RSU holders. Using a weighted average basis, 804 and 491 common shares are reflected in diluted GAAP EPS, FFO per common share and Normalized FFO per common share for the three and six months ended June 30, 2015, respectively. The RSUs are excluded from basic GAAP EPS, FFO per common share and Normalized FFO per common share for all periods presented because the market-based vesting measurement date has not yet occurred.
- (2) As of June 30, 2015, we had 4,915 series D preferred shares outstanding that were convertible into 2,363 of our common shares, which are anti-dilutive for GAAP EPS, FFO per common share and Normalized FFO per common share for all periods presented.
- (3) The Series E preferred shares are convertible to EQC common shares only upon limited circumstances surrounding a change in control of EQC. As such, the effect of the potential conversion of the Series E preferred shares on EQC common shares is not contemplated in this schedule.
- (4) EQC common shares include unvested restricted shares.

(1) Beginning on July 2, 2013, EQC no longer consolidated its investment in SIR, but instead accounted for its investment in SIR under the equity method. In addition, in May and June 2014, SIR issued 10,000,000 of its common shares in a public offering, which reduced EQC's ownership interest in SIR to 36.7%. On July 9, 2014, EQC sold its entire stake of 22,000,000 common shares of SIR.

(2) Affiliates Insurance Company, or AIC, is a private company that, until May 9, 2014, was owned equally by Reit Management & Research LLC, or RMR, and each of the public companies to which RMR provides management services, including EQC and SIR. On May 9, 2014, as a result of the change in control of EQC and in accordance with the terms of a shareholders agreement among EQC and the other AIC shareholders, the other AIC shareholders purchased pro rata from EQC all 20,000 shares of AIC that EQC then owned for aggregate proceeds of \$5,776.

DEFINITIONS

Annualized Rental Revenue

Annualized rental revenue is annualized contractual rents from our tenants pursuant to leases which have commenced as of June 30, 2015, plus estimated recurring expense reimbursements; includes some triple net lease rents and excludes lease value amortization, straight line rent adjustments, free rent periods and parking revenue. The annualized rental revenue of disposed properties is presented for the quarter-ended preceding each disposition.

Building Improvements

Building improvements are expenditures to replace obsolete building components or extend the useful life of existing assets.

Consolidated Income Available for Debt Service

Consolidated income available for debt service is earnings from operations excluding interest expense, depreciation and amortization, taxes, loss on asset impairment and gains and losses on acquisitions and sales of assets and early extinguishment of debt, determined together with debt service on a pro forma basis for the four consecutive fiscal quarters most recently ended.

Development, Redevelopment and Other Activities

Development, redevelopment and other activities include: 1) major capital expenditures that are identified at the time of a property acquisition and incurred within a short time period after acquiring the property, and 2) major capital expenditure projects that reposition a property or result in new sources of revenue.

Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) and Adjusted EBITDA

We calculate EBITDA as net income (loss) excluding 1) interest expense, 2) income tax expense, 3) depreciation and amortization, and 4) our portion of these items related to equity investees.

We calculate Adjusted EBITDA as EBITDA excluding 1) loss on asset impairment, 2) acquisition related costs, 3) loss on early extinguishment of debt, 4) shareholder litigation costs and transition-related expenses, 5) gains or losses on sale of properties, 6) gains or losses on sale of equity investments, 7) gains or losses on issuance of shares by an equity investee, and 8) our portion of these items related to equity investees.

We consider EBITDA and Adjusted EBITDA to be appropriate measures of our operating performance, along with net income, net income attributable to EQC common shareholders, operating income and cash flow from operating activities. We believe that EBITDA and Adjusted EBITDA provide useful information to investors because by excluding the effects of certain historical amounts, such as interest, depreciation and amortization expense, EBITDA and Adjusted EBITDA may facilitate a comparison of current operating performance with our past operating performance. EBITDA and Adjusted EBITDA do not represent cash generated by operating activities in accordance with GAAP and should not be considered alternatives to net income, net income attributable to EQC common shareholders, operating income or cash flow from operating activities, determined in accordance with GAAP, or as indicators of our financial performance or liquidity, nor are these measures necessarily indicative of sufficient cash flow to fund all of our needs. These measures should be considered in conjunction with net income, net income attributable to EQC common shareholders, operating income and cash flow from operating activities as presented in our condensed consolidated statements of operations, condensed consolidated statements of comprehensive income (loss) and condensed consolidated statements of cash flows. Other REITs and real estate companies may calculate EBITDA and Adjusted EBITDA differently than we do.

Enterprise Value

Enterprise value is net debt plus the market value of our preferred shares plus the market value of our common shares.

Funds from Operations (FFO) and Normalized FFO

We compute FFO in accordance with standards established by the National Association of Real Estate Investment Trusts (NAREIT). NAREIT defines FFO as net income (loss), calculated in accordance with GAAP, excluding real estate depreciation and amortization, gains (or losses) from sales of depreciable property, impairment of depreciable real estate, and our portion of these items related to equity investees and noncontrolling interests. Our calculation of Normalized FFO differs from NAREIT's definition of FFO because we exclude certain items that we view as nonrecurring or impacting comparability from period to period. We consider FFO and Normalized FFO to

be appropriate measures of operating performance for a REIT, along with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities.

We believe that FFO and Normalized FFO provide useful information to investors because by excluding the effects of certain historical amounts, such as depreciation expense, FFO and Normalized FFO may facilitate a comparison of our operating performance between periods and with other REITs. FFO and Normalized FFO are among the factors considered by our Board of Trustees when determining the amount of distributions to our shareholders. FFO and Normalized FFO do not represent cash generated by operating activities in accordance with GAAP and should not be considered as alternatives to net income, net income attributable to Equity Commonwealth common shareholders, operating income or cash flow from operating activities, determined in accordance with GAAP, or as indicators of our financial performance or liquidity, nor are these measures necessarily indicative of sufficient cash flow to fund all of our needs. These measures should be considered in conjunction with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities as presented in our condensed consolidated statements of operations, condensed consolidated statements of comprehensive income and condensed consolidated statements of cash flows. Other REITs and real estate companies may calculate FFO and Normalized FFO differently than we do.

Leasing Costs

These are leasing costs such as brokerage commissions and related legal expenses.

Net Debt

Net debt is total debt minus cash and cash equivalents.

Net Operating Income (NOI), Same Property NOI, Cash Basis NOI, and Same Property Cash Basis NOI

NOI is total revenues minus operating expenses. Cash Basis NOI is NOI excluding the effects of straight line rent adjustments, lease value amortization, and lease termination fees. The quarter-to-date same property versions of these measures include the results of properties continuously owned from April 1, 2014 through June 30, 2015. The year-to-date same property versions of these measures include the results of properties continuously owned from January 1, 2014 through June 30, 2015. Discontinued operations and properties classified as held for sale are excluded from same property results.

We consider these measures to be appropriate supplemental measures to net income because they may help both investors and management to understand the operations of our properties. We use these measures internally to evaluate individual, regional and combined property level performance, and we believe that they provide useful information to investors regarding our results of operations because they reflect only those income and expense items that are incurred at the property level and may facilitate comparisons of our operating performance between periods and with other REITs. These measures do not represent cash generated by operating activities in accordance with GAAP and should not be considered as an alternative to net income, net income attributable to Equity Commonwealth common shareholders, operating income or cash flow from operating activities, determined in accordance with GAAP, or as indicators of our financial performance or liquidity, nor are these measures necessarily indicative of sufficient cash flow to fund all of our needs. These measures should be considered in conjunction with net income, net income attributable to Equity Commonwealth common shareholders, operating income and cash flow from operating activities as presented in our condensed consolidated statements of operations, condensed consolidated statements of comprehensive income and condensed consolidated statements of cash flows. Other REITs and real estate companies may calculate these measures differently than we do.

Net Book Value

Net book value represents the carrying value of real estate properties after depreciation and amortization, purchase price allocations, impairment write-downs, and currency adjustments, if any.

NOI Margin

NOI Margin is NOI (or the same property or cash basis derivations of NOI defined above) divided by the total revenues used to calculate NOI (or its derivation).

Percentage Leased

Percentage leased includes: 1) space being fitted out for occupancy pursuant to existing leases and 2) space which is leased but not occupied or is being offered for sublease by tenants.

DEFINITIONS

Tenant Improvements

Tenant improvements are capital expenditures to improve tenant spaces.

Total Debt

Total debt is the aggregate balance of the following line items on our condensed consolidated balance sheets: revolving credit facility, senior unsecured debt, net, and mortgage notes payable, net.

Undepreciated Book Value

Undepreciated book value represents the carrying value of real estate properties after purchase price allocations, impairment write-downs, and currency adjustments, if any.
